- Languages: HTML, CSS, JavaScript, Python, PHP
- Frameworks: React.js, Node.js, Express.js, Bootstrap
- Databases: MySQL, MongoDB
- Tools: Git, Webpack, Visual Studio Code
- Concepts: Responsive Web Design, RESTful APIs, AJAX

INTERNSHIP EXPERIENCE

Web Development Intern

COURSERA | [JUN, 2024 – AUG, 2024]

- Developed responsive and dynamic web pages using HTML, CSS, and JavaScript.
- Worked with React.js to build reusable components for web applications.
- Collaborated with designers to ensure a seamless user experience.
- Integrated RESTful APIs for real-time data handling.

Project 1: Blogging Platform

- Created a full-stack blogging platform with user authentication and content management features using Node.js, Express.js, and MongoDB.

Project 2: Portfolio Website

- Designed and developed a personal portfolio website using HTML, CSS, and JavaScript.
- Implemented responsive design techniques for mobile and desktop views.

Project 3: Flipkart E-commerce Clone Website

- **Core Functionalities:** Implemented essential e-commerce features such as product listings, shopping cart functionality, and a mock checkout process, closely mimicking the Flipkart user experience.
- **UI/UX Design:** Focused on replicating the Flipkart interface, including product filters, search functionality, and responsive layout for both desktop and mobile views.
- **Data Integration:** Integrated mock data to simulate real-time product information and user interactions, providing a realistic shopping experience without a backend database

CERTIFICATIONS
